

The Cambodian Community Dream Organization

2016 Annual Report

Executive Summary

Welcome to The CCDO 2016 Annual Report

2016 was an exciting year with many changes. We hired a Western Ex-Pat as our Executive Director with the purpose of restructuring the team on the ground. Aligned with our vision of self-sustainability, we needed a team for the future with better skills in the areas of English, Computer, pro-active motivations and work ethics.

Due to the restructuring of our programs, we had to replace some of our valued team members and some resigned and moved to other organizations or government positions. All of them received a generous settlement severance.

CCDO now has three core programs: **Clean Water** (Wells and Sanitation), **Education**, and **Health and Wellbeing** (including nutrition, sports and health-checks).

Clean Water: we built a large number of new water wells and we are committed to maintaining our 1,100 plus water wells. Due to our education efforts, the villagers understand the importance of Latrines and are signing up to partner with CCDO in building family latrines.

Education: we added English classes to include 3rd graders as well as moving our English Library to a larger space at Tapang. We now include arts and crafts during library time.

Health & Wellbeing: We feel that the children need specific health checks as well as their daily exercise in the form of sport and of course, the essential morning breakfast. We signed a partnership with Angkor University to have their graduate students check the children.

CCDO UK, has a new leadership under the management of Scott Brown and Colin Fleming. They bring a new vision and lots of enthusiasm and ideas to the table, as well as much needed funds.

We are certainly geared up for the new year, our **10th anniversary**, and look forward to accomplishing our goals for 2017. We value your continued support for our programs.

Warm regards,

Jenni Lipa | The CCDO President & Founder

4 Soccer teams
1 New tuk-tuk

Learning
Together!

Campus Construction

2 Playgrounds
2 Soccer Fields
1 Basketball Court

Renovations

2 Kitchens
2 Canteens

Health & Wellbeing

Community Workshops

2,000 women attended our workshops; they learned about nutrition, parenting, health & hygiene, anti-trafficking, domestic violence & puberty.

Puberty Workshops

350 students have attended. They have learned positive and accurate information on all the different changes that puberty brings in both physical and emotional development.

Partnership

We signed an agreement with Angkor University in Siem Reap. We are working with their recent midwife and nursing graduates to provide health care in our two schools and communities. They will make twice weekly visits to our schools and check on the children

Growing
Kids!

Breakfast

1,100 daily breakfasts for children. Often the only balanced meal they eat. You cannot learn when hungry.

21 volunteers

20 Khmer Staff

77 Visitors

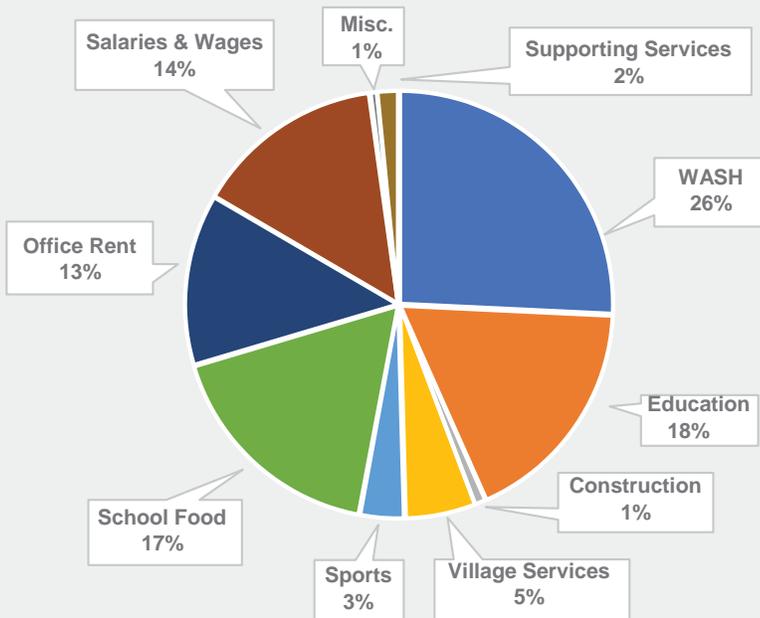

1 Executive Director

Transparency & Accountability

2016 marks the 5th year of publishing our financial reports. For more detailed information, please visit our website.

Moving ahead into 2017 we plan to further systematize our on the ground reporting procedures. This will ensure we have the data we need to deliver our programs effectively.

2016 Program Expenses

Governance

We have a 7 member board In 2016, our board members donated 157 hours a week to CCDO related activities.

That's over 8,000 hours donated every year!

Thank You

Special thanks to many donors who heard our plea to contribute towards our Education Fund. We had a record Giving Tuesday and with your generosity, 85 children were sponsored for their annual fee of \$135.

A grateful thank you to the Vera R Campbell Foundation for once again sponsoring the food for our Health and Wellness program with a donation of \$25,000.
